

Your DRE Issued License Number Must Be Included on ALL Materials Starting July 1

Business Cards, Stationery, Advertising, Real Estate Contracts and many other materials must NOW INCLUDE your Department of Real Estate License Number starting July 1, 2009.

ARE YOU READY?

With the passage of SB 1461 last year, real estate professionals are required to provide their DRE license number on all materials associated with their business. MRMLS is working to assist you on this.

MRMLS has updated the Matrix system to include your DRE license numbers on all reports and displays where your name appears to help insure that you are in compliance with this new law on all MRMLS Matrix related activities.

BUT YOU NEED TO VERIFY YOUR LICENSE NUMBER:

- 1) Log onto MRMLS Matrix
- 2) Click on the "Agent Roster" tab
- 3) Select the "Yellow Page" link and run a search to find your contact information
- 4) Review your contact information, including your DRE license number
- 5) If you need to correct your listed DRE license number, please contact your local Association of REALTORS®
