

CRMLS Matrix 5.7 New Features

The CRMLS Matrix Platform will be offline on Wednesday, July 13, 2011 from 8:00 PM to 6:00 AM to deploy version 5.7 of the CRMLS Matrix Platform.

During the deployment, you will be unable to access Realist, Smart Trac, Smart Fax, Mercado, and other CRMLS products and services. If necessary, please add or modify listings, photos, and supplements prior to the scheduled maintenance. We apologize for any inconvenience this may cause.

New Features

Here's a few of the new features you'll see on July 14:

- **Enhanced Statistics** – Includes refined formulas for statistics and adds a dedicated Stats tab to the CRMLS Matrix platform with an integrated search form for defining listing criteria.
- **Listing Hit Counters** – Provide you with an overview of the performance of your listings by displaying the number of views your listings have received.
- **Recent Search History** – Allows you to instantly access search results for all of your recent searches.
- **Google Street View** – Allows you to specify the initial Google Street View of a property during listing input.
- **Improved Photo Management** – Enhances photo uploads by allowing you to upload multiple photos at once and allows reordering of photos using a new drag and drop interface.

Matrix 5.7 Training

CRMLS will be offering live webinar training on the latest release of the CRMLS Matrix Platform on the following dates:
