

Green Fields Coming to Matrix

In celebration of Earth Day, CRMLS will be adding Green fields to the CRMLS Matrix Platform on April 22, 2011.

This will allow you to market eco-friendly listings more effectively by providing you with fields to enter Green Building Certification and Marketing Features in the Listing Input Wizard.

Green features for listings will be displayed on the Agent Full and Customer Full search result display and reports.

Web Conference

CRMLS will be offering live webinar training on the latest release of the new green features. Register now as spots are filling quickly.

- Friday, April 22nd at 11:00PM to register [CLICK HERE](#)

How to Make Money Selling Green Homes

When listing or selling green homes, education on green building, home performance, and real estate fields is very important.

Join Build It Green for a 1/2 day seminar designed to help REALTORS® take advantage of this expanding market and help your clients find the green home they are looking for. For more information, visit <http://www.builditgreen.org/en/cev/332> (space is limited).
