

Key Safe Serial Numbers Required on August 1, 2011

Effective August 1, 2011, if an electronic lockbox is selected in the **Key Safe Description** field you will be required to enter the key safe's serial number in the **Key Safe Serial Number** field for all new listings you add in the CRMLS Matrix Platform.

Note:

If you change the value entered in the Key Safe Description field for an existing active listing, you will be required to enter your key safe's serial number in the Key Safe Serial Number field before you can submit your updated listing information.

Failure to enter a valid serial number for your key safe in the Key Safe Serial Number field is a violation of Sections [7.14](#) and [8.3](#) of the [CARETS Standardized Rules and Regulations](#) and may result in fines and/or further action by your local Association/Board of REALTORS®.
