

MRMLS Matrix gives you Access to More Listings!

MRMLS is excited to welcome the Desert Area MLS (DAMLS) and the Ventura County Regional Data Share MLS (VCRDS) as the newest members to join CARETS. This agreement gives you access to even more listings throughout Southern California in MRMLS Matrix.

In this initial phase, you will be able to search for **DAMLS and VCRDS agents and offices using MRMLS Matrix roster**. You will also have the ability to input and search for **Residential DAMLS and VCRDS area listings directly in MRMLS Matrix**. Residential listings will no longer need to be reciprocated to DAMLS and VCRDS. This is a huge milestone for MRMLS members and all CARETS members.

DAMLS & VCRDS Coverage Area:

VCRDS MLS coverage area includes Simi Valley, Ventura, Santa Rosa Valley, Santa Barbara, Ojai/Oakview, Fillmore, Santa Paula, Oxnard Beaches, and Camarillo.

Desert Area MLS coverage area includes Coachella Valley, Riverside County, Yucca Valley, Landers/Johnson, 29 Palms, Joshua Tree South, Wonder Valley, Blythe, and the Salton Sea.

What's Next:

Be on the lookout for information on additional VCRDS and DAMLS property types being added to Matrix.
