

The Next Step for MRMLS Matrix

There is great pride in building a strong MLS for the future, and MRMLS is always striving to bring you the features you need to be successful. Thousands of suggestions come pouring into our call center from members, such as yourself, and these updates came from your suggestions!

If you have suggestions, we would like to hear from you. Please submit your comments to www.imrmls.com/supportrequest

1. Header and Footers on Customer Reports

	<p>John Smith Realtor - Real Estate Office Name <i>Serving You with the Best Information!</i></p>	<p>Office: 909-859-2040 Cell: 800-925-2525 Fax: 909-859-2050 John@realestate.com</p>

- Headers and Footers on reports allow you to insert your contact information, personal photo or logo when preparing Customer Reports. To setup up this information click on *Settings* under the *My Matrix* tab.

2. Number of Garage Spaces Mandatory

- Tired of searching for garage spaces and not finding the results you want? Upon submitting a new listing, listing agents and listing brokers are **required** to insert the Number of Garage spaces.

3. Rename Price field to List Price

- To provide clarity, the Price field will be renamed to List Price. List Price allows you to search for the high and low price range of properties listed. To search for both List Price and Sold Price in a search, you may use the Current Price Field.

4. Property Management Phone Number

- The Property Management Phone Number will be removed from Customer Full Displays and Reports. We believe that this information should be kept confidential and removed from the public view. *There have been reported cases, that this field was being abused. Incorrect telephone numbers were being inserted into this field, this field is ONLY for property management company contact information.*

We want MRMLS Matrix to be the system that meets YOUR needs. If you have any suggestions of what you'd like to see in MRMLS Matrix, please send us your comments to www.imrmls.com/support.
