
MRMLS is Now CRMLS

Following the merger of MRMLS and calREDD, MRMLS has changed its name to CRMLS. Along with our name change, we will also be changing our website address to <http://www.crmls.org>. CRMLS is the same company bringing you the same great products and excellent customer service you've come to expect with access to even more listings throughout California.

What's Next

In the coming months, we will be rebranding our products, services, training materials, communications, and website to reflect our new name.
